

Appendix 4 – Crookham Village Parish Council Response to HDC Regulation 16 Comments

Hart District Council Comments on the Regulation 16 Submission Crookham Village Neighbourhood Plan, September 2019

Hart District Council welcomes the opportunity to comment on the Crookham Village Neighbourhood Plan: Submission version and our comments are set out in the table below. We recognise that the Plan has been prepared within the context of an evolving Local Plan and also national policy and would therefore commend the Parish Council on their progress.

We are pleased to see a number of our previous comments have been taken on board including those in relation to flooding as set out below and the inclusion of reference to affordable housing and a rural exception site.

Policy/ Paragraph	Recommended Amendments	Comments:	Response:
Whole document	There are still a number of reference to the 2012 NPPF, such as 'core planning principles', which should be removed or updated.		Agreed - these will be removed and replaced by more suitable wording as per the 2019 NPPF.
Page 9	Recommend the following amendments: ... As required by paragraph 15 16 of the National Planning Policy Framework (NPPF), the policies are an aspirational but realistic attempt to reflect the unique characteristics and context of the Neighbourhood Plan Area and its diverse needs which arise from the different settlement types in the Plan area...	The Plan is being considered under the 2019 NPPF. The quote comes from the 2012 NPPF and not the 2019 NPPF.	Agree - revise
Page 11	Once this Plan is adopted it might be confusing to include maps that mention 'existing' boundaries and refer to documents elsewhere to proposed (and what would then be adopted) boundaries. It is suggested that this map be updated to include the revised Settlement boundary.	For clarity	Agreed, this map will be revised in accordance with the comment made.
Page 12	Recommend the following amendments: The Submission version of the CVNP is due to be <u>was</u> submitted in June 2019 and so the final Basic Conditions Statement has been referenced to the policies set out in the NPPF 2019.	Update	Agreed, the wording will be revised in accordance with the comment made.

Page 19	Recommend updating Figure 4 with a map that clearly identifies the Sites of Special Scientific Interest (SSSIs) & Sites of Importance for Nature Conservation (SINCs).	Sites of Special Scientific Interest (SSSIs) & Sites of Importance for Nature Conservation (SINCs) are not identified in Figure 4.	Agreed, this map will be revised in accordance with the comment made.
Page 23	Recommend updating footnotes to correspond with the 2019 NPPF.	The footnotes correspond to the 2012 NPPF and not the 2019 NPPF.	Agreed, the wording will be revised in accordance with the comment made.
Page 26	Recommend the following amendments: The wording for each <u>policy</u> is highlighted in green and is supported by the rationale for that policy together with the supporting evidence.	To improve the clarity of the sentence.	Agreed, the wording will be revised in accordance with the comment made.
Policy BE03	Recommend the following amendments: <ul style="list-style-type: none"> they comply with Policies PA01 - PA03 and the <u>guidance within the Conservation Area Appraisal</u> for each conservation area and its setting in which they are sited or lie adjacent to; 	Conservation Area Appraisal don't include policies to comply with.	Agreed, the wording will be revised in accordance with the comment made.
Policy BE03	This could be interpreted to prevent any additional external lighting. Such lighting may be required for safety or other reasons and it is therefore suggested that some additional flexibility is introduced. Recommend that the final bullet point be amended to refer to: <ul style="list-style-type: none"> <u>are designed not to increase the level of light pollution within any of the three conservation areas within/and/or adjacent to Crookham Village Parish. Proposals for any necessary street lighting or external lighting should be fully justified through an assessment demonstrating the need for the lighting and the measures taken to minimise any impact. do not increase the level of light pollution within any of the three conservation areas within and/or adjacent to Crookham Village Parish.</u> 	To ensure sufficient flexibility.	Agreed, the wording will be revised in accordance with the comment made.

Figure 7	Recommend updating Figure 4 with a map that clearly identifies the Conservation Area boundary.	It would be useful to include the Conservation Area boundary within Figure 7.	Agreed, this map will be revised in accordance with the comment made.
Policy BE05	Recommend the following amendments: <ul style="list-style-type: none"> Does not infringe on the footpaths and accessibility for <u>Netherhouse Moor (NHM)</u> and Lea Green park, which are used as a key access point to Calthorpe Park and All Saints schools. 	To improve the clarity of the sentence.	Agreed, the wording will be revised in accordance with the comment made.
Policy BE06	Recommend the following amendments: <ul style="list-style-type: none"> Development that includes Sustainable Drainage Systems will <u>be supported</u> be looked on favourably if it adheres to the principles above and will only discharge surface water either at, or less than, greenfield runoff rates (where technically viable), will leave green corridors along watercourses and/or will reduce flood risk. 	To improve the clarity of the sentence.	Agreed, the wording will be revised in accordance with the comment made.
Policy BE06	The Council is pleased to see that Policy BE06 has been amended to reflect our previous advice, which encourages avoiding development on greenfield sites that flood, encourages the use of SUDS, encourages discharging at greenfield rates where viable, and only supports development that is safe and will not increase offsite flood risk. The policy even allows for exceptions where appropriate.		Noted - however, to conform to the requirements in the NPPF for the use of sequential testing, Policy BE06 will be reworded.
Page 52	Recommend the following amendments: This supports the NPPF's requirement to establish a "strong sense of place" and to <u>be "sympathetic to local character and history, including the surrounding built environment and landscape setting, while not preventing or discouraging appropriate innovation or change (such as increased densities)"</u> "respond to local character and history, and reflect the identity of local surroundings and materials, while not preventing or discouraging appropriate innovation" .	The quote comes from the 2012 NPPF and not the 2019 NPPF.	Agreed, the wording will be revised in accordance with the comment made.

<p>Policy PA01</p>	<p>Recommend the following amendments:</p> <ul style="list-style-type: none"> • Development shall respect the linear nature of pattern of development in the Conservation Area, following historic precedent adherence to recognised good examples of traditional building forms and the prevailing grain of development within the area. and Where appropriate it shall reflect the mix of single and two storey traditional buildings in order to introduce interest and variety into the development in order to reinforce the character and distinctiveness of an area. • Development shall respect the significance of heritage assets in the Conservation Area street scene. Particular consideration shall be given to <u>retaining the contribution of buildings and sites to the significance of the conservation area where these frame, punctuate or terminate views through, out and into the village.</u> maintaining their role in framing, punctuating or termination key views through, out of and into the village. • The <u>positive contribution that</u> distinct setting that the properties on the southern side of The Street and eastern side of Crondall Road provide to the <u>setting of the</u> Conservation Area and the key views that they afford from the village to the countryside, shall be respected and protected from unsympathetic development. • Development that affects locally significant buildings (as identified on Figure 17 below) together with new additions to and their positive contribution to the street scene must not undermine the significance of that contribution; 	<p>To improve the clarity of the Policy and to properly reflect the significance of heritage assets.</p>	<p>Agreed, the wording will be revised in accordance with the comment made.</p>
<p>Policy PA02</p>	<p>Recommend the following amendments:</p> <ul style="list-style-type: none"> • Development shall have regard to: <ul style="list-style-type: none"> ○ The contribution of the canal side cottages to the significance of the canal setting; ○ The contribution of the historic bridge crossings to the historic significance of the canal; and ○ Development shall have regard to The contribution of the landscape including ancient woodland alongside the water's edge; • Development shall use a common palette of locally distinctive vernacular building forms and materials, commonly red brick, painted brick, rendered or timber framed; 	<p>To improve the clarity of the policy.</p>	<p>Agreed, the wording will be revised in accordance with the comment made.</p>

	<ul style="list-style-type: none"> Proposals to demolish buildings which are identified as being non designated heritage assets heritage assets and are buildings of local importance or significance (as identified on Figure 17) will be resisted. 		
Policy PA03	<p>Recommend the following amendments:</p> <p>Second bullet: ‘ .. so as to sustain significant open spaces and key views from the road <u>highway and other public rights of way</u> that contribute ..’</p>	To improve the clarity of the Policy.	Agreed, the wording will be revised in accordance with the comment made.
Page 63	<p>Recommend the following amendments:</p> <p>The Basingstoke Canal Conservation Area was designated in 1977 by Hampshire County Council in association with Basingstoke and Deane Borough Council, in recognition of the special architectural and historic interest of the canal. The Canal Conservation Area Appraisal provides further useful and detailed character and design analysis, and should be used as an additional resource to inform proposals for development in the Conservation Area.</p>	Reference to the wrong Conservation Area.	Agreed, this wording is spurious and will be removed in accordance with the comment made.
Policy PA04	<p>Recommend the following amendments:</p> <p>Second para: Development proposals which preserve <u>conserve</u> or enhance a heritage asset will be supported <u>in cases where this is clearly and convincingly justification for the heritage benefits to be derived from the scheme can be demonstrated</u> by way of an assessment of the development’s likely effects <u>impact</u> on <u>either the heritage asset or its setting.</u></p> <p>Third para:</p>	To accord with the 2019 NPPF.	Agreed, the wording will be revised in accordance with the comment made.

	<p>'... Within the conservation areas, the built form and linear nature of the built environment will be conserved and or enhanced and there should be no net loss and preferably a net gain of native trees or hedges. ...'</p>
