Environmental Policy - RH stated the reasoning behind his environmental comments. He also commented on those written by Kerry. Comments are needed on this to determine whether any changes are required.

JA to look at Policy NE03 to determine whether any changes are required.

It was agreed that we need to address the Built Environment statement in order that it includes potential new developments, we currently address the old Crookham Village, Zebon Copse and Netherhouse Moor but nothing to cover any potential new developments. Everyone to suggest ideas as to what should or should not be included. Any ideas or suggestions to be emailed to JA by the end of this week.
